Halverson Retail Systems, Inc.

Re: Notice of infringement and offer of license

We write on behalf of Merrow & Vance Holdings LLC, owner by assignment of a portfolio of patents concerning consumer loyalty and point-of-sale transaction systems.

It has come to our attention that Halverson Retail Systems operates a customer rewards platform which, in our assessment, practises one or more claims of **United States Patent No. 10,163,121**, entitled "System and method for targeted marketing and consumer resource management." We direct your attention in particular to claim 1.

Our client is prepared to resolve this matter through a paid-up licence. We would ask that you respond within thirty (30) days of the date of this letter, after which our client reserves all rights and remedies available to it, including the commencement of proceedings.

This letter is written without prejudice to our client's rights, all of which are expressly reserved.

Yours faithfully,

D. Merrow
